

DHFM Community Booth Guidelines

We believe in the importance of building the relationships between consumers, farmers and our community. We see the value of working with other non-profit organizations whose missions are aligned with ours to help spread the word of the good works they are doing in our community. If you have a non-profit organization or project that you would like to promote, you can request the use of our Community Booth at no charge. HFM will provide a table and a small tent for shade. Please review our Community Booth policies to ensure that your organization is eligible.

1. The mission of the organization must be aligned with HFM values.
2. Must be a not-for-profit.
3. Cannot sell items from the booth without prior approval from the market manager.
4. Cannot hand-out food or beverages without prior approval from the market manager.
5. Cannot be political in a partisan manner or sectarian.
6. Booth use is limited to two dates per quarter. The exception is our partner The City of Hickory.
7. Cannot trade or transfer scheduled dates to another group without consent of the market manager.
